Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.

Throughout the school year, as an SAC we examined the following school wide results and policies:

1. Grade P-2 Reading Goal – why it is important and how the focus changed to reading behaviours rather than reading levels
2. Grade 3-6 Math Fluency Goal - why it is important and how the focus is on building the ability to quickly recall addition, subtraction, multiplication, and division math facts through conceptual learning, fact strategies, and memorization
3. 2021-22 HRCE Well-Being Student Survey results
4. SSP Short cycle planning – the why and how it is working within the school for both the Grade P-2 Reading Goal and the grade 3-6 Math Fluency Goal.

Please list any significant milestones and success stories that the SAC would like to highlight.
